2. National Science Day is dedicated to?
3. What are the basic questions of science?
4. History of the National Science Day
5. Significance of National Science Day

Outcomes:

1. Motivated students to develop a scientific temper,
2. information about important scientific discoveries, advancements was disseminated
3. Students were motivated so that inspiring young people to take an interest in science

Number of students attended: 31

Venue: Saliasahi, Bhubaneswar, Khurdha, 751015

MITS School of Biotechnology, Bhubaneswar, organized World Malaria Day: Awareness Program, at Saliasahi, Bhubaneswar, Khurdha, 751015. 31 Students participated in World Malaria Day: Awareness Program. A significant number of students were present in the program. Students were involved in one-one discussion. The followings are the objectives of World Malaria Day: Awareness Program

Objectives:

1. Malaria is a life-threatening disease primarily found in tropical countries
2. Interruption of malaria transmission, in areas where it is feasible
3. Elimination of malaria as a public health problem in areas where elimination is not possible with the current tools.
4. Ensure universal access to quality assured malaria diagnostic and treatment services

Outcomes:

1. Enhanced public awareness of malaria, including its transmission, symptoms, prevention, and treatment.
2. Encouraged the use of preventive measures such as insecticide-treated bed nets, indoor residual spraying, and anti-malarial drugs.
3. Promoted proper health-seeking behaviors, including seeking prompt and effective treatment when malaria symptoms are present.
