Venue: Kendupatna, Barang, Odisha, 754005

MITS School of Biotechnology, Bhubaneswar, organized World Malaria Day: Awareness Program, at Kendupatna, Barang, Odisha, 754005. 32 Students participated in World Malaria Day: Awareness Program. A significant number of students were present in the program. Students were involved in one-one discussion. The followings are the objectives of World Malaria Day: Awareness Program

Objectives:

1. Malaria is a life-threatening disease primarily found in tropical countries
2. Interruption of malaria transmission, in areas where it is feasible
3. Elimination of malaria as a public health problem in areas where elimination is not possible with the current tools.
4. Ensure universal access to quality assured malaria diagnostic and treatment services

Outcomes:

1. Enhanced public awareness of malaria: its transmission, symptoms, prevention, and treatment.
2. Explained about preventive measures (insecticide-treated bed nets, indoor residual spraying, and anti-malarial drugs).
3. Promoted proper health-seeking behaviours, including seeking prompt and effective treatment when malaria symptoms are present.
