PROGRAM REPORT

06-06-2018

Name of the Event: An in campus plantation drive “ROOTING FOR A GREENER FUTURE”

Date: 05.06.2018

Coordinator : **Dr. Mousumi Mishra**
Assistant Professor
Department of Biotechnology
MITS School of Biotechnology

Number of students participants:32

Venue: College Campus

OBJECTIVES:

The primary objective of the "Rooting for a Greener Future" plantation drive within the college campus is to create a more sustainable and eco-friendly environment. The specific goals include:

1. Enhanced Campus Aesthetics:

Planting a variety of trees and plants enhanced the visual appeal of the college campus, creating a more vibrant and green atmosphere.

2. Environmental Education:

Providing students, faculty, and staff with hands-on experience in tree planting and environmental stewardship, promoting awareness and education on the importance of green initiatives.

3. Biodiversity Conservation:

Contributing to the conservation of local biodiversity by introducing a diverse range of native flora within the campus premises.

4. Improved Microclimate:

Creating microclimatic improvements by strategically planting trees that provide shade, reduce heat, and contribute to a more comfortable outdoor environment

5. Carbon Footprint Reduction:

Mitigating the carbon footprint of the college campus by increasing the number of trees, which act as carbon sinks and aid in offsetting greenhouse gas emissions.

OUTCOMES:

1. Lush Green Campus:

A noticeable increase in greenery within the campus, transforming it into a more inviting and aesthetically pleasing space.

2. Educational Impact:

Improved environmental awareness among the college community, with students gaining practical insights into the significance of tree planting and environmental conservation.

3. Shaded Areas for Recreation:

Establishment of shaded areas where students and faculty can engage in outdoor activities comfortably, fostering a healthier and more enjoyable campus experience.

An in campus plantation drive "ROOTING FOR A GREENER FUTURE"

"Rooting for a Greener Future" plantation drive aimed to instill a lasting commitment to environmental consciousness and sustainability within the college community.

PROGRAM REPORT

31-01-2019

Name of the Event: An in campus cleanliness drive "CLEAN NATION, HEALTHY FUTURE"

Date: 30.01.19

Coordinator : **Dr. Manisha Patnaik**
Assistant Professor
Department of Biotechnology
MITS School of Biotechnology

Number of students participants: 30

Venue: College Campus

OBJECTIVES:

The primary objective of the "Clean Nation, Healthy Future" college cleanliness drive is to foster a culture of cleanliness and hygiene within the college campus environment. This initiative aimed to raise awareness among students, faculty, and staff about the importance of maintaining a clean and healthy environment for personal well-being, academic success, and community welfare.

1. Promoting a sense of responsibility and ownership among students towards keeping the campus clean.
2. Educating the college community about the health hazards associated with poor hygiene practices and unclean surroundings.
3. Instilling habits of cleanliness that extend beyond the college campus and into everyday life.
4. Enhancing the aesthetic appeal of the college campus, creating a conducive learning and working environment.
5. Encouraging collaboration and teamwork among students, faculty, and staff in maintaining cleanliness standards.

OUTCOMES:

1. **Improved Campus Hygiene:** Through regular cleaning initiatives, waste management, and hygiene awareness campaigns, the college campus experienced a noticeable improvement in cleanliness levels.

Pg. 1 of 2

2. **Reduction in Health Risks:** By addressing the factors contributing to poor hygiene, such as littering and improper waste disposal, the initiative aimed to reduce the prevalence of health issues such as infections, allergies, and vector-borne diseases among the college community.
3. **Behavioral Change:** The drive seeks to bring about a lasting behavioral change among students, faculty, and staff, leading to a collective commitment to maintaining cleanliness standards not only within the college premises but also in their homes and communities.

An in campus cleanliness drive **"CLEAN NATION, HEALTHY FUTURE"**

Overall, the "Clean Nation, Healthy Future" college cleanliness drive aimed to create a cleaner, healthier, and more vibrant college environment, contributing to the well-being and success of all members of the college community.

PROGRAM REPORT

06-06-2019

Name of the Event: An in campus plantation drive “**TREE TRIUMPH CAMPAIGN**”

Date: 05.06.2019

Coordinator : **Dr. Mousumi Mishra**
Assistant Professor
Department of Biotechnology
MITS School of Biotechnology

Number of students participants:30

Venue: College Campus

OBJECTIVES:

The primary goal of the “**Tree Triumph Campaign**”, an in-campus reforestation initiative, is to cultivate a greener and more sustainable campus environment. The specific objectives include:

1. Campus Green Transformation: Initiating a comprehensive plantation drive to transform the campus into a green haven, enhancing its overall visual appeal and natural ambiance.

2. Biodiversity Preservation: Promoting biodiversity by introducing a diverse array of native trees and plants, creating a resilient ecosystem that supports local flora and fauna.

3. Educational Empowerment: Providing an experiential learning platform for students, faculty, and staff, fostering environmental awareness and instilling a sense of responsibility toward nature.

4. Air Quality Enhancement: Contributing to the improvement of air quality on campus by strategically planting trees known for their air-purifying capabilities.

5. Cultivation of Sustainable Practices:

Cultivating a culture of sustainability within the campus community, encouraging eco-friendly practices and responsible environmental stewardship.

OUTCOMES:

- 1. Verdant Campus Landscape:** A visibly greener and lush campus environment, creating a picturesque and inviting atmosphere for all members of the community.
- 2. Diverse Ecosystem Flourishing:** The establishment of a diverse and thriving ecosystem within the campus, fostering biodiversity and ecological balance.
- 3. Hands-on Environmental Education:** Students gained practical insights into environmental conservation, sustainable practices, and the critical role of trees in maintaining a healthy ecosystem.
- 4. Improved Microclimate:** Positive impacts on the campus microclimate, including temperature moderation, enhanced shade, and the creation of comfortable outdoor spaces.

An in campus plantation drive “TREE TRIUMPH CAMPAIGN”

“Tree Triumph Campaign” aimed to bring about a positive and enduring transformation within the campus environment, fostering a greener and more sustainable future.

Date: 30.01.20

Coordinator : **Dr. Manisha Patnaik**
Assistant Professor
Department of Biotechnology
MITS School of Biotechnology

Number of students participants: 31

Venue: College Campus

OBJECTIVES:

The "Together for a Spotless Tomorrow" college cleanliness initiative is dedicated to fostering a pristine and hygienic campus environment. Its central objective was to instigate a collective sense of duty and accountability among students, faculty, and staff towards preserving a clean and healthful atmosphere. Through comprehensive awareness campaigns and the cultivation of sustainable habits, this initiative aims to establish a campus conducive to personal wellness, academic excellence, and communal prosperity.

1. **Cultivating Responsibility:** Inspiring every member of the college community to actively participate in maintaining cleanliness and upholding the integrity of shared spaces.
2. **Educating on Health Impacts:** Disseminating knowledge about the health repercussions stemming from unsanitary practices and unclean surroundings.
3. **Implementing Sustainable Solutions:** Introducing initiatives and strategies that promote long-lasting cleanliness practices, ensuring enduring effectiveness.
4. **Enhancing Campus Aesthetics:** Elevating the visual appeal and functionality of the campus through consistent cleaning efforts and efficient waste management.

Pg. 1 of 2

OUTCOMES:

Elevated Campus Hygiene: Through dedicated cleaning endeavors and meticulous waste disposal, the campus will witness a noticeable elevation in cleanliness levels, fostering a healthier environment for all occupants.

Enhanced Community Well-being: By addressing the root causes of poor hygiene, such as littering and improper waste management, the initiative endeavored to diminish health risks and amplify the overall well-being of the college community.

Enduring Behavioral Transformation: Through comprehensive education and active engagement, the initiative aspired to instill enduring practices of cleanliness and responsibility that extended beyond the confines of the college, permeating into everyday life.

An in campus cleanliness drive **"TOGETHER FOR A SPOTLESS TOMORROW"**

This initiative established robust mechanisms for ongoing assessment and improvement, ensuring the sustained cleanliness and vitality of the campus for generations to come.

OBJECTIVES:

The primary objective of the campus plantation drive is to foster a sustainable and green environment within the educational institution. This initiative aims to address various environmental concerns and contribute positively to the well-being of the campus and the surrounding community.

1. **Enhance Biodiversity:** Introduce a diverse range of native or adapted plant species to enhance biodiversity on campus, creating a healthier and more resilient ecosystem.
2. **Carbon Sequestration:** Promote the sequestration of carbon dioxide by planting trees, helping to mitigate the impact of climate change and improve air quality.
3. **Beautification of Campus:** Improve the aesthetics of the campus by strategically planting trees, shrubs, and flowers, creating visually appealing and green spaces.
4. **Sustainable Landscaping:** Implement sustainable landscaping practices, incorporating water-efficient plants and minimizing the use of resource-intensive landscaping techniques.

OUTCOMES:

1. **Increased Green Cover:** The campus experienced a visible increase in green cover, with planted areas contributing to a more attractive and vibrant environment.
2. **Enhanced Aesthetics:** The campus experienced improved aesthetics and landscaping, creating inviting and enjoyable spaces for recreation and relaxation.
3. **Long-Term Sustainability:** The initiative set the foundation for ongoing environmental projects and a sustained commitment to campus sustainability, ensuring a lasting impact on the institution and its community.

An in campus plantation drive "NURTURE NATURE FOR THE FUTURE"

The "Nurture Nature for the Future" campus plantation drive contributed significantly to the institution's environmental goals and create a positive impact on both the immediate campus environment and the broader community.

PROGRAM REPORT

1-02-2021

Name of the Event: An in campus cleanliness drive "A CLEANER TODAY, A GREENER TOMORROW"

Date: 30.01.21

Coordinator : **Dr. Mousumi Mishra**
Assistant Professor
Department of Biotechnology
MITS School of Biotechnology

Number of students participants: 31

Venue: College Campus

OBJECTIVES:

The "A Cleaner Today, A Greener Tomorrow" campus cleanliness drive is dedicated to promoting a clean and sustainable environment within the college campus. The primary objective was to inspire and engage students, faculty, and staff in collective action to enhance cleanliness standards and foster environmental stewardship. Through awareness-building initiatives and the implementation of eco-friendly practices, this drive aims to create a campus environment that is both aesthetically pleasing and environmentally responsible.

1. **Promoting Environmental Awareness:** Educating the college community about the importance of cleanliness and its direct impact on environmental health and sustainability.
2. **Encouraging Sustainable Practices:** Introducing and encouraging the adoption of eco-friendly practices such as recycling, waste reduction, and energy conservation to minimize the campus's ecological footprint.
3. **Enhancing Campus Aesthetics:** Improving the visual appeal and cleanliness of the campus through regular clean-up activities, landscaping efforts, and proper waste management.

OUTCOMES:

1. **Enhanced Campus Cleanliness:** By implementing regular clean-up activities and waste management practices, the campus experienced a significant improvement in cleanliness levels, creating a more pleasant and inviting environment for all.

Pg. 1 of 2

2. **Reduced Environmental Impact:** Through the adoption of sustainable practices, the drive aimed to minimize the campus's environmental impact, including reduced waste generation, conservation of resources, and mitigation of pollution.
3. **Raised Environmental Awareness:** Increased awareness and understanding of environmental issues among students, faculty, and staff, leading to a greater commitment to sustainable practices both on campus and in everyday life.

An in campus cleanliness drive "A CLEANER TODAY, A GREENER TOMORROW"

This drive left a lasting legacy of environmental responsibility and stewardship within the college community, ensuring that efforts to maintain a clean and sustainable campus continue well into the future for the benefit of generations to come.

Date: 04.12.2021

Coordinator : **Dr. Satyananda Patel**
Associate Professor
Department of Biotechnology
MITS School of Biotechnology

Number of students participants:32

Venue: College Campus

OBJECTIVES:

The overarching objective of the "Save the Green, Let the Earth Smile" campus plantation drive is to promote environmental sustainability and contribute to the well-being of the planet. This initiative focuses on preserving and enhancing green spaces on the campus, fostering a positive impact on the environment and creating a sense of responsibility among the campus community.

1. **Preserve Existing Greenery:** Encourage the preservation of existing green spaces on campus, preventing deforestation and protecting mature trees and vegetation.
2. **Plantation for Sustainability:** Undertake new tree planting initiatives to increase the overall green cover on campus, with a focus on sustainable and native plant species.
3. **Air Quality Improvement:** Contribute to the improvement of air quality on campus by planting trees that act as natural air purifiers, filtering pollutants and releasing oxygen.
4. **Sustainable Land Use:** Advocate for sustainable land use practices, considering the ecological impact of development and incorporating green spaces into campus planning.

OUTCOMES

1. **Preserved and Increased Green Cover:** The campus observed both the preservation of existing greenery and an increase in green cover through new plantations, contributing to a healthier environment.

1. **Improved Air Quality:** The planting of trees resulted in improved air quality on campus, benefiting the well-being and health of the campus community.
2. **Sustainable Landscapes:** The campus adopted sustainable landscaping practices, ensuring that green spaces are integrated into campus development plans in an environmentally conscious manner.
3. **Educational Impact:** Increased awareness and knowledge about environmental conservation among the campus community, fostering a culture of sustainability.
4. **Positive Environmental Message:** The campaign's message was to convey a positive environmental ethic, encouraging responsible actions and behavior towards nature.

An in campus plantation drive **"SAVE THE GREEN, LET THE EARTH SMILE"**

"Save the Green, Let the Earth Smile" campus plantation drive contributed to the campus's environmental sustainability, create a positive impact on the local ecosystem, and inspire a sense of environmental responsibility among the campus community.

PROGRAM REPORT

31-01-2022

Name of the Event: An in campus cleanliness drive "TRASH THE TRASH, TREASURE THE CLEAN"

Date: 30.01.22

Coordinator : **Dr. Satyananda Patel**
Associate Professor
Department of Biotechnology
MITS School of Biotechnology

Number of students participants: 33

Venue: College Campus

OBJECTIVES:

"Trash the Trash, Treasure the Clean" campus cleanliness drive is driven by the objective to instigate a transformative shift in the campus culture towards cleanliness and environmental consciousness. Its primary aim was to mobilize students, faculty, and staff in concerted efforts to eradicate litter and cultivate a campus environment that prioritizes cleanliness as a core value.

1. **Eradicating Litter:** Implementing strategies to actively remove litter from the campus premises through organized clean-up activities, waste disposal initiatives, and the establishment of designated waste collection points.
2. **Promoting Environmental Education:** Providing comprehensive education and awareness programs to inform the college community about the detrimental effects of littering on the environment, wildlife, and human health.
3. **Cultivating Responsibility:** Encouraging individuals to take ownership of their surroundings and actively participate in cleanliness efforts, fostering a sense of personal responsibility and accountability.

OUTCOMES:

1. **Drastic Reduction in Litter:** Through targeted clean-up efforts and ongoing maintenance, the drive will significantly reduce the prevalence of litter across the campus, creating a visibly cleaner and more aesthetically pleasing environment.

Pg. 1 of 2

2. **Heightened Environmental Awareness:** Increased understanding and awareness among the college community regarding the environmental and health impacts of littering, leading to greater mindfulness and responsible behavior.
3. **Adoption of Sustainable Practices:** Implementation of sustainable waste management practices will contribute to the reduction of environmental pollution and promote long-term sustainability.

An in campus cleanliness drive **"TRASH THE TRASH, TREASURE THE CLEAN"**

Collaborative participation in cleanliness initiatives will strengthen social bonds and promote a sense of unity and camaraderie among members of the college community, fostering a supportive and inclusive campus environment.

Number of students participants:32

Venue: College Campus

OBJECTIVES:

The primary objective of the "Plant a Tree, Plant a Hope" campus plantation drive is to instill a sense of environmental responsibility and contribute to the well-being of the campus and the broader community. This initiative focuses on the symbolic and tangible impact of tree planting, connecting it to the hope for a sustainable and greener future.

1. **Symbolic Hope:** Utilize tree planting as a symbolic act of hope for a sustainable and greener future, emphasizing the positive impact that each tree can have on the environment.
2. **Environmental Awareness:** Raise awareness among the campus community about the crucial role of trees in mitigating climate change, improving air quality, and supporting biodiversity.
3. **Community Engagement:** Encourage active participation from students, faculty, staff, and local residents, fostering a sense of community engagement and shared responsibility for environmental stewardship.
4. **Sustainable Green Spaces:** Contribute to the creation of sustainable and aesthetically pleasing green spaces on campus, enhancing the overall quality of the environment.

OUTCOMES

1. **Increased Environmental Awareness:** The campus community gained a better understanding of the environmental benefits of trees, fostering a culture of environmental awareness and responsibility.
2. **Improved Campus Aesthetics:** The campus experienced an improvement in aesthetics with the addition of more green spaces, creating inviting and pleasant areas for students, faculty, and visitors.
3. **Educational Empowerment:** Incorporating educational components empowered individuals with knowledge about sustainable practices and the positive impact of tree planting.
4. **Healthier Air Quality:** The strategic planting of trees contributed to improved air quality on campus, promoting the well-being and health of the campus community.

An in campus plantation drive "PLANT A TREE, PLANT A HOPE"

The "Plant a Tree, Plant a Hope" campus plantation drive aimed to create a positive impact on the campus environment, instill a sense of hope and responsibility, and contribute to a sustainable and greener future.

OBJECTIVES:

The "A Cleaner Tomorrow Starts Today" campus cleanliness drive aimed to initiate proactive measures to establish and maintain a pristine campus environment. Its primary objective was to engage students, faculty, and staff in a collective effort to promote cleanliness, instill responsible behavior, and cultivate a culture of environmental stewardship.

1. **Raising Awareness:** Educating the college community about the importance of cleanliness, emphasizing its impact on personal health, campus aesthetics, and environmental well-being.
2. **Encouraging Responsible Behavior:** Promoting responsible waste disposal practices, discouraging littering, and encouraging individuals to take ownership of their surroundings.
3. **Implementing Sustainable Solutions:** Introducing eco-friendly practices such as recycling, composting, and reducing single-use plastics to minimize waste and promote environmental sustainability.

OUTCOMES:

1. **Improved Campus Cleanliness:** Through targeted clean-up efforts and ongoing maintenance, the drive will lead to a noticeable reduction in litter and debris, resulting in a cleaner and more attractive campus environment.

Pg. 1 of 2

2. **Enhanced Environmental Awareness:** Increased awareness among the college community regarding the importance of environmental conservation and the role of individual actions in promoting cleanliness and sustainability.
3. **Adoption of Responsible Practices:** Encouragement of responsible behavior such as proper waste disposal and recycling, leading to a reduction in waste generation and environmental pollution.

An in campus cleanliness drive "A CLEANER TOMORROW STARTS TODAY"

Implementation of sustainable solutions and infrastructure improvements will contribute to the long-term sustainability of cleanliness efforts on campus.
