PROGRAMME REPORT

Name of the Event	: Tuberculosis Awareness Programme
Date of the Event	: 12-06-2018
Name of the Coordinator	: Mr. Sidharth Parida, Assoc. Professor, Department of Biotechnology
Number of participants	: 35
Venue	: Baliana, Bhubanewar, Khurdha, 752100

MITS School of Biotechnology, Bhubaneswar, organized an Awareness Program on Tuberculosis at Baliana, Bhubanewar, Khurdha, 752100. A good number of villagers participated in the Awareness Program. They were very enthusiastic towards the facts and the content of the program. Villagers were made aware about the following points.

Objectives:

1. To raise awareness about TB
2. Efforts to end the global epidemic
3. The prevention, control, treatment and relief of tuberculosis
4. Work with the local faith community to distribute TB awareness resources to staff and congregants.
5. Banners and distributed educational materials and brochures to the community participants,

Outcomes:

1. Enhanced knowledge and understanding of tuberculosis, its transmission, symptoms, and prevention among the general public.
2. Efforts were made to reduce the stigma associated with TB
3. Increased awareness of the importance of TB care and adherence to medication to prevent drug-resistant TB and improve treatment outcomes.

PROGRAMME REPORT

Name of the Event	: Men's Health Awareness Programme
Date and Time	: 12-11-2018, 10:30 AM to 12:30 PM
Name of the Coordinator	: Dr. Rashmi Ranjan Mishra Assoc. Professor, Department of Biotechnology
Number of students attended	: 37
Venue	: Singada, Khordha, 751024.

MITS School of Biotechnology, Bhubaneswar, organized an Awareness Program on Men's Health at Singada, Khordha, 751024. A good number of villagers participated in the Awareness Program. They were very enthusiastic towards the facts and the content of the program. Villagers were made aware about the following points.

Objectives:

1. Regular exercise, a healthy diet, not smoking, stress reduction
2. Remind the men to keep themselves in good health
3. Eat healthily. There's not a one-size-fits-all diet that works for every man
4. Stay active. .
5. Protect your mental health
6. Stop tobacco use and drink moderately.

Outcomes:

1. Enhanced knowledge and understanding of men's specific health concerns and the importance of regular check-ups.
2. Promoted healthier lifestyle choices: regular exercise, balanced diets, and smoking cessation
3. Raised awareness about common men's health issues like prostate cancer, testicular cancer, and the importance of regular cancer screenings.

PROGRAMME REPORT

Name of the Event:	Leprosy Awareness Programme
Date and Time :	27-01-2019, 10:30 AM to 12:30 PM
Name of the Coorrdinator:	Dr. Rashmi Ranjan Mishra Asso. Professor, Department of Biotechnology
Number of students attended	: 33
Venue	: Andharua, Khordha, 751003.

MITS School of Biotechnology, Bhubaneswar, organized an Awareness Program on Leprosy Day at Andharua, Khordha, 751003. A good number of villagers participated in the Awareness Program. They were very enthusiastic towards the facts and the content of the program. Villagers were made aware about the following points.

Objectives:

1. Create awareness against the stigma attached to the disease
2. Making the general community aware that it is a disease spread by a type of bacteria and it can be easily cured.
3. Never hate the person suffering from leprosy, but hate this disease. Wishing a Happy World Leprosy Day to you
4. The best way to prevent the spread of leprosy is the early diagnosis and treatment of people who are infected.
5. Leprosy is a chronic infectious disease caused by a type of bacteria, Mycobacterium leprae. The disease predominantly affects the skin and peripheral nerves

Outcomes:

1. Enhanced knowledge and understanding of leprosy, including its symptoms, transmission, and treatment, among the general public.
2. Encouraged the individuals with leprosy symptoms to seek medical care promptly, leading to early diagnosis and effective treatment.
3. Promoted the preventive measures, including the use of multidrug therapy (MDT), to prevent further transmission and disability.

MITS School of Biotechnology, Bhubaneswar, organized an Awareness Program on World Wild Life Day at Bharatpur Forest, Jungle Safari, Bhubaneswar, 751021. A good number of students participated in the Awareness Program. They were very enthusiastic towards the facts and the content of the program. Participants were made aware about the following points.

Objectives:

1. Protection of forests
2. Farming of trees.
3. To protect the remaining population of endangered species by banning hunting
4. Giving legal protection to their habitats
5. Restricting wildlife trade

Outcomes:

1. Enhanced knowledge and understanding of the importance of wildlife conservation, biodiversity, and the threats facing wild animals and plants.
2. Promoted awareness about endangered species and the need for their protection and recovery efforts.
3. Educational Material distributed

Date: 03-03-19

PROGRAMME REPORT

Name of the Event: World Malaria Day: Awareness Program
Date and Time : 25-04-2019, 07:30 AM to 10:30 AM
Name of the Co-Ordinator: Dr. Mousumi Mishra,
Asst. Professor, Department of Biotechnology

Number of students attended: 38

Venue: Godisahi, Odisha, 754006

MITS School of Biotechnology, Bhubaneswar, organized World Malaria Day: Awareness Program, at Godisahi, Odisha, 754006. 38 Students participated in World Malaria Day: Awareness Program. A significant number of students were present in the program. Students were involved in one-one discussion. The followings are the objectives of World Malaria Day: Awareness Program

Objectives:

1. Malaria is a life-threatening disease primarily found in tropical countries
2. Interruption of malaria transmission, in areas where it is feasible
3. Elimination of malaria as a public health problem in areas where elimination is not possible with the current tools.
4. Ensure universal access to quality assured malaria diagnostic and treatment services

Outcomes:

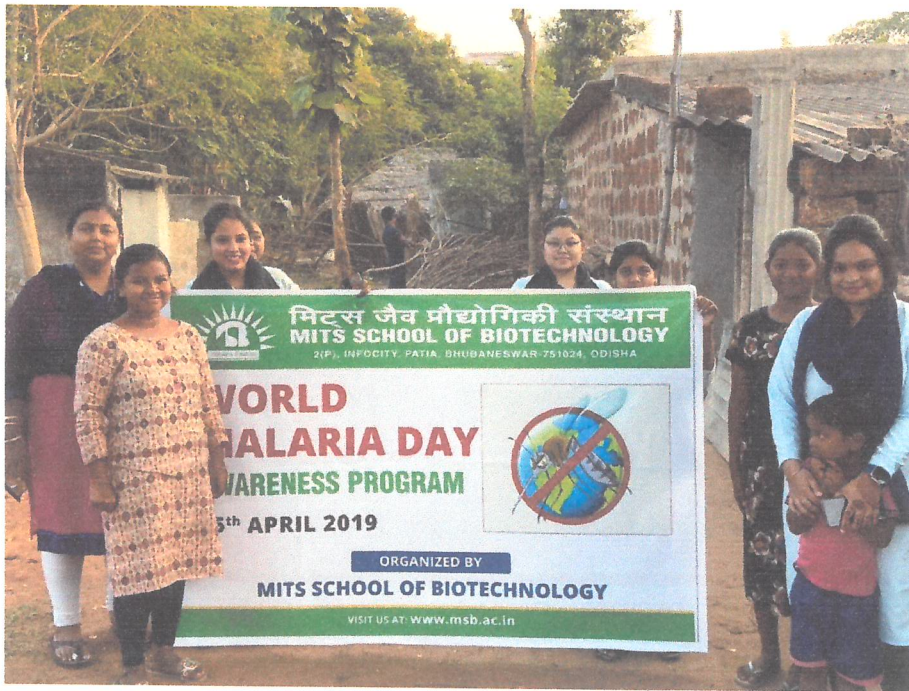

5. Enhanced public awareness of malaria, including its transmission, symptoms, prevention, and treatment.
6. Encouraged the use of preventive measures such as insecticide-treated bed nets, indoor residual spraying, and anti-malarial drugs.
7. Promoted proper health-seeking behaviors, including seeking prompt and effective treatment when malaria symptoms are present.
